**From:** Jamie Hellen, Town Administrator  
Alecia Alleyne, Assistant to the Town Administrator

**RE:** Temporary Closing of the Common Grounds Cafe Located at the Franklin Senior Center

---

It is with sincere regrets that we have to inform the members of the community that due to unforeseen staffing shortages, we will have to close the Common Grounds Cafe for the remainder of the week, November 30 - December 3rd.

This week, seniors will still be able to enter the Cafe and the senior center staff will work to provide free coffee and light refreshments. Unfortunately, there will no longer be any hot breakfast or prepared food at the cafe until next week. Citizens are welcome and encouraged to bring their own food into the cafe and continue to socialize.

We recognize the importance of the cafe for bringing members of our community together for good food and conversation so all are welcome to use the space! We apologize for the inconvenience and will continue to keep the community up to date when prepared meals will be available again.
